INTRODUCTORY.

UNDER the requirements of the Constitution this Directory is hereby published. No changes, excepting by death or resignation are expected to occur before July, 1904, at which time the National Convention will be held. Following this, within sixty days, the State, County and Division elections will take place. Each Division, County President and State officers, should receive a copy of the Directory from the State Secretary, to whom a sufficient number has been sent.

The carelessness of officers, elected by counties and divisions, is responsible for the delay in the appearance of this work. When the names of existing divisions or other officers do not appear, it is because no lists reached the National Secretary.

Members are invited to read the advertisements herein, and to patronize those who show their good will by taking space in our publication.

A list of the supplies obtained from the national headquarters will be found in the advertising columns. Divisions should obtain these supplies through the County Presidents, who receive them from the State Secretaries.

To those who assisted faithfully in the compilation of this Directory, and to our advertisers, the thanks of the Order are extended.
